- The loss recorded for the year under review was primarily attributable to the finance costs incurred, the substantial depreciation charges on the Group's hotel properties in Hong Kong, despite they have no impact on the Group's cash flow, as well as the impairment loss on the properties held for sale in the development projects in China undertaken by Cosmopolitan International Holdings Limited, a listed subsidiary of the Company.
- At present, the Group's principal businesses are mainly focused on properties and hotels in Hong Kong. Taking advantage of the gradual recovery of the residential market in Hong Kong during the year, the Group has achieved aggregate proceeds in excess of HK\$1,793.5 million from the sale of its residential properties.
- As regarding the Group's hotel businesses, which are primarily operated by Regal Hotels International Holdings Limited, also a listed subsidiary of the Company, they have continued to perform satisfactorily and contributed increased profits in 2025.
- For the year under review, the Group's gross profit from business operations amounted to HK\$1,168.5 million (2024 – HK\$943.7 million). - In order to conform to applicable accounting standards, the Group's hotel properties in Hong Kong are required to be subject to depreciation charges, as they are all owned and operated within the Group. Total depreciation charges on those 11 hotels for the year amounted to HK\$669.2 million (2024 – HK\$678.9 million), which though having no impact on cash flow, had nevertheless adversely affected the Group's financial results.

- **The property development and investment business of the Group is principally undertaken through P&R Holdings Limited (which is a 50/50 joint venture with Regal and, effectively, a subsidiary undertaking of the Group) and, at appropriate times, also undertaken by Regal itself.**

Apart from those houses and apartment units that have been sold (including those contracted sales that are yet pending completion), P&R still owns 3 houses and 49 apartment units in this development, which command significant value.**
- **In addition, P&R owns a mixed portfolio of completed properties and hotels as well as properties held for development in Hong Kong. FINANCIAL RESULTS

For the year ended 31st December, 2025, the Group recorded a consolidated loss attributable to shareholders of HK\$1,157.9 million, as compared to the loss of HK\$1,643.4 million incurred in the preceding financial year.

As mentioned in the announcement of the Company on Update of Financial Information published on 25th March, 2026, the loss recorded for the year under review was primarily attributable to the finance costs incurred, the substantial depreciation charges on the Group's hotel properties in Hong Kong, despite they have no impact on the Group's cash flow, as well

as the impairment loss on the properties held for sale in the development projects in China undertaken by Cosmopolitan International Holdings Limited, a listed subsidiary of the Company.

At present, the Group's principal businesses are mainly focused on properties and hotels in Hong Kong. Taking advantage of the gradual recovery of the residential market in Hong Kong during the year, the Group has achieved aggregate proceeds in excess of HK\$1,793.5 million from the sale of its residential properties. As regarding the Group's hotel businesses, which are primarily operated by Regal Hotels International Holdings Limited, also a listed subsidiary of the Company, they have continued to perform satisfactorily and contributed increased profits in 2025.

For the year under review, the Group's gross profit from business operations amounted to HK\$1,168.5 million (2024 – HK\$943.7 million). After accounting for mainly the impairment loss on properties held for sale in China as mentioned above, the fair value losses on investment properties as well as various administrative and property selling expenses, the Group recorded an operating loss before finance costs, depreciation and tax of HK\$160.3 million (2024 – HK\$376.4 million).

In order to conform to applicable accounting standards, the Group's hotel properties in Hong Kong are required to be subject to depreciation charges, as they are all owned and operated within the Group. Total depreciation charges on those 11 hotels for the year amounted to HK\$669.2 million (2024 – HK\$678.9 million), which though having no impact on cash flow, had nevertheless adversely affected the Group's financial results.

Based on their independent professional valuations as at 31st December, 2025, the aggregate market value of the Group's hotel properties in Hong Kong was still well above their total carrying value, as they were subject to accumulated depreciation charges. For the purpose of reference, an Adjusted Net Assets Statement is presented in the section headed "Management Discussion and Analysis" in this announcement, which illustrated that, if all such hotel properties were to be stated in the Group's financial statements at their market valuations as at 31st December, 2025, the Group's adjusted net assets would amount to HK\$13,533.0 million and the underlying adjusted net asset value of the Company would amount to HK\$12.14 per share, on the basis therein stated.

BUSINESS OVERVIEW

The Group comprises a total of four listed entities, with diversified business interests in properties, hotels, aircraft ownership and leasing, and financial assets and other investments.

As at 31st December, 2025, the Group directly held, through its wholly owned subsidiaries, a controlling shareholding interest of approximately 69.3% in Regal. Regal, in turn, held approximately 74.9% of the outstanding units of Regal Real Estate Investment Trust, the listed subsidiary of Regal that presently owns five Regal Hotels and four iclub Hotels in Hong Kong. Regal Portfolio Management Limited, a wholly owned subsidiary of Regal, acts as the REIT Manager of Regal REIT.

The Group's property development and investment businesses in Hong Kong are principally conducted through P&R Holdings Limited, a joint venture 50/50 held by each of Regal and the Company and, effectively, a subsidiary of the Group. Regal also undertakes on its own property business in Hong Kong and overseas.

Apart from its property business, P&R also holds an effective controlling shareholding interest in Cosmopolitan, which is primarily engaged in property development business in China and other investments. As at 31st December, 2025, P&R held 61.4% of the issued ordinary share capital of Cosmopolitan and, in addition, convertible preference shares as well as convertible notes of Cosmopolitan which are convertible into an aggregate of 972.1 million new ordinary shares of Cosmopolitan. Further information on the latest progress of the Group's property business as well as the financial results and operational reviews of Regal (including Regal REIT) and Cosmopolitan are presented below.

PROPERTIES

After three consecutive years of market consolidation, the residential market in Hong Kong recovered gradually in 2025. While home prices have risen moderately since April last year, home rentals have increased by a larger extent, mainly benefiting from the influx of new immigrants under the Top Talent Pass Scheme.

The latest relaxation announced by the Hong Kong Government in 2025 on the Ad Valorem Stamp Duty payable on residential properties valued below HK\$4.0 million has activated property transactions from new entry-level buyers as well as those looking for home upgrades. Moreover, with the lowering of the borrowing costs due to the softening of the interest rates and the wealth effect brought forth by the relatively buoyant capital market in 2025, overall market confidence has been gradually restoring. Although developers in Hong Kong are still accelerating the sale of their new built residential units, the overall level of unsold inventories has declined and it is also projected that new supply will begin to contract in the next three years.

All these factors are indicative that the residential market in Hong Kong has bottomed out and is heading for a steady rebound.

The Mount Regalia in Kau To, Sha Tin is a major luxury residential development undertaken by P&R. The development has a total of 24 garden houses and 136 apartment units, together with car parks and club house facilities. Since the beginning of 2025 to date, P&R has concluded contracts for the sale of 2 houses (including a house which was previously sold under a sale agreement that has been defaulted by the purchaser) and 28 apartment units. Apart from those houses and apartment units that have been sold (including those contracted sales that are yet pending completion), P&R still owns 3 houses and 49 apartment units in this development, which command significant value.

In addition, P&R also owns a mixed portfolio of completed properties and hotels as well as properties held for development in Hong Kong.

Properties presently held by P&R for recurring income include the We Go MALL in Ma On Shan, Sha Tin, the iclub Mong Kok Hotel and the iclub AMTD Sheung Wan Hotel that is held by a 50%-owned joint venture of P&R.

On the property development front, P&R holds two commercial/residential development sites at Kam Wa Street in Shau Kei Wan and at Castle Peak Road in Sham Shui Po, respectively. The development works for these two development sites are planned to be commenced shortly. Moreover, P&R still owns 7 houses in Casa Regalia in Yuen Long, one of which has been sold pending completion, as well as some remaining shop units and carparks in The Ascent in Sham Shui Po, both of which were property developments completed by P&R in earlier years. These remaining completed properties will continue to be disposed of.

Located in the Hedong District in Tianjin, this project is a mixed use development comprising residential, commercial and office components with total gross floor area of about 145,000 square metres (1,561,000 square feet).

All residential units in this development had been sold. The programme for the sale of shops with a total area of about 19,000 square metres (205,000 square feet) in the commercial complex is ongoing. Up to date, shops with a total area of 16,050 square metres (172,762 square feet) have been sold for aggregate sale considerations of approximately RMB374.1 million (HK\$419.5 million). Certain parts of the commercial complex have been leased out for rental income.

The remaining components in this development, which have all been completed, mainly consist of two office towers atop of a four-storey podium.

Xinjiang Project

This is a re-forestation and land grant project for a land parcel with site area of about 7,600 mu undertaken in accordance with the relevant laws and policies in Urumqi, Xinjiang Uygur Autonomous Region. The Cosmopolitan group has re-forested an aggregate area of about 4,300 mu within the project site and in accordance with the relevant government policies of Urumqi, a parcel of land with an area of about 1,843 mu (1,228,700 square metres) would be available for real estate development after the requisite inspection of the required re-forestation area, land grant listing and tender procedures are completed. The Cosmopolitan group will be entitled to participate in the tender of such land use right and monetary compensation in reference to the re-forestation cost of the Cosmopolitan group incurred.

The Cosmopolitan group continues to maintain the overall re-forested area. Based on the legal advice obtained, the legitimate interests of the Cosmopolitan group in the relevant re-forestation contract remain valid and effective.

CONSTRUCTION AND BUILDING RELATED BUSINESSES

The Group's wholly owned construction arm, Chatwin Engineering Limited, was the main contractor for the construction of P&R's residential project at Domus and Casa Regalia as well as its other hotel projects in Hong Kong, namely, iclub Sheung Wan Hotel, iclub Fortress Hill Hotel, iclub To Kwa Wan Hotel and iclub Mong Kok Hotel, all completed in the years between 2014 and 2019. Chatwin was also responsible for the construction management of the Mount Regalia project and the Regala Skycity Hotel project completed in 2019 and 2021 respectively. Chatwin will continue to seek public construction contracts while providing in-house services to the Group's construction projects including construction management, health and safety as well as quality assurance and compliance.

With its extensive experience and professional expertise, the Group's development consultancy division played a key role, throughout the years, in supporting the in-house needs of the Group's member companies on development projects, from project inception stage, feasibility studies to project completion. These professional services include development appraisal, project management, architectural, interior design as well as quality control and cost engineering.

FINANCIAL ASSETS AND OTHER INVESTMENTS

The Group holds a significant portfolio of investments comprising listed securities and other investments, including investment funds, private equities, bonds as well as treasury and yield enhancement products.

FINANCIAL REVIEW

ASSETS VALUE

All the hotel properties of the Group in Hong Kong owned by Regal REIT, with the exception of the iclub Sheung Wan Hotel, the iclub Fortress Hill Hotel and the iclub To Kwa Wan Hotel, were stated in the financial statements at their fair values as at 7th May, 2012 when Regal, together with Regal REIT, became subsidiaries of the Group, plus subsequent capital additions

and deducting accumulated depreciation. Moreover, the iclub Sheung Wan Hotel, the iclub Fortress Hill Hotel and the iclub To Kwa Wan Hotel were stated in the Group's financial statements at cost after full elimination of the unrealised gain arising from the disposal of the hotels by P&R to Regal REIT, while the iclub Mong Kok Hotel owned by P&R and the Regala Skycity Hotel owned by the Regal group, completed in 2019 and 2021 respectively, are stated at cost, and they are all also subject to depreciation. For the purpose of providing supplementary information, if the entire hotel property portfolio of the Group in Hong Kong is restated in the consolidated financial statements at market value as at 31st December, 2025, the Group's unaudited adjusted net asset and the unaudited adjusted net asset value per ordinary share of the Company would be HK\$13,533.0 million and HK\$12.14 per share, respectively, computed as follows:

	As at 31st December, 2025	
	HK\$'M	HK\$ per ordinary share
Book net assets attributable to equity holders of the parent	7,424.7	6.66
Adjustment to restate the Group's hotel property portfolio in Hong Kong at its market value and add back any relevant deferred tax liabilities	6,108.3	5.48
Unaudited adjusted net assets attributable to equity holders of the parent	13,533.0	12.14

CAPITAL RESOURCES AND FUNDING

Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Cash balances are mostly placed on bank deposits, and treasury and yield enhancement products are deployed when circumstances are considered to be appropriate.

Property development projects in Hong Kong are financed partly by internal resources and partly by bank financing. Project financing in Hong Kong is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the

loan maturity tied in to the estimated project completion date. Property development projects in the PRC are substantially financed by internal resources and proceeds from the presale of the units. Project financings for the projects in the PRC and overseas may be arranged, if terms are considered appropriate, to cover a part of the land costs and/or construction costs, and with the loan maturities aligning with the estimated project completion dates and/or sales forecast.

The Group's banking facilities are mostly denominated in Hong Kong dollars with interest primarily determined by reference to the interbank offered rates. The use of hedging instruments for interest rate purposes to cater to business and operational needs is kept under review by the Group's management from time to time. As regards the Group's investments in the PRC and overseas, which are denominated in currencies other than US dollars and Hong Kong dollars, the Group may consider, when deemed appropriate, hedging part or all of the investment amounts into US dollars or Hong Kong dollars to contain the Group's exposure to currency fluctuations.

Cash Flows

Net cash flows generated from operating activities during the year under review amounted to HK\$2,026.7 million (2024 – HK\$362.6 million). Net interest payment for the year amounted to HK\$889.8 million (2024 – HK\$1,136.8 million).

As at 31st December, 2025, the gearing ratio of the Group was 51.4% (2024 – 50.8%), representing the Group's borrowings, net of cash and bank balances and deposits, of HK\$16,679.5 million (2024 – HK\$18,332.2 million), as compared to the total assets of the Group of HK\$32,461.5 million (2024 – HK\$36,120.8 million).

Notes:

1. Basis of Preparation and Accounting Policies

These financial statements have been prepared in accordance with HKFRS Accounting Standards (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) as issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties, financial assets at fair value through profit or loss, financial assets designated at fair value through other comprehensive income and derivative financial instruments which have been measured at fair value. These financial statements are presented in Hong Kong dollars (“HK\$”) and all values are rounded to the nearest million except when otherwise indicated.

The Group has adopted amendments to HKAS 21 *Lack of Exchangeability* for the first time for the year’s consolidated financial statements. The Group has not early adopted any other standard or amendment that has been issued but is not yet effective.

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. As the currencies that the Group had transacted in and the functional currencies of group overseas subsidiaries and associates for translation into the Group’s presentation currency were exchangeable, the amendments did not have any impact on the Group’s financial statements.

The Group had a net loss attributable to owners of the parent of HK\$1,157.9 million (2024 – HK\$1,643.4 million) for the year ended 31st December, 2025 and net current liabilities of HK\$734.2 million (2024 – net current assets of HK\$1,530.7 million) and net assets of HK\$11,861.4 million (2024 – HK\$13,479.8 million) as at 31st December, 2025. In addition, the Group had total non-pledged time deposits, cash and bank balances of HK\$319.8 million (2024 – HK\$677.2 million) as at 31st December, 2025 and a positive

net cash flows from operating activities of HK\$2,026.7 million (2024 – HK\$362.6 million) for the year ended 31st December, 2025.

The consolidated financial statements were prepared based on the assumption that the Group is operating as a going concern, as the Directors are of the view that the Group will have sufficient working capital to finance its operations in the next twelve months from 31st December, 2025, after taking into consideration the following:

- (i) the estimated cash flows of the Group for the next twelve months from the end of the reporting period;
- (ii) the contracted sales of property assets of the Group, in Hong Kong and overseas, up to the current date;
- (iii) the plan for disposal of certain non-core assets, including certain overseas properties of the Group;
- (iv) the extension of the maturity date of the secured note for a two-year term, from 13th April, 2026, as agreed in March 2026;
- (v) the refinancing plan for certain maturing interest bearing bank borrowings that are secured by certain properties; and
- (vi) the available unutilised banking and other financial facilities of the Group.

2. Operating Segment Information

For management purposes, the Group is organised into business units based on their products and services and has seven reportable operating segments as follows:

- (a) the property development and investment segment comprises the development and sale of properties, the leasing of properties and the provision of estate agency services;
- (b) the construction and building related businesses segment engages in construction works and building related businesses, including the provision of development consultancy, project management and construction engineering services, property management and also security systems and products and other software development and distribution;

- (c) the hotel operation and management and hotel ownership segment engages in hotel operations and the provision of hotel management services, and the ownership in hotel properties for rental income;
- (d) the asset management segment engages in the provision of asset management services to Regal REIT;
- (e) the financial assets investments segment engages in trading of financial assets at fair value through profit or loss and other financial assets investments;
- (f) the aircraft ownership and leasing segment engages in the aircraft ownership and leasing for rental income; and
- (g) the others segment mainly comprises the provision of financing services, sale of food products, operation and management of restaurants, and the provision of housekeeping and related services.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's loss before tax except that certain interest income, non-lease-related finance costs, head office and corporate gains and expenses are excluded from such measurement.

Segment assets exclude certain loans receivable, deferred tax assets, tax recoverable, restricted cash, pledged time deposits and bank balances, time deposits, cash and bank balances, and other unallocated head office and corporate assets as these assets are managed on a group basis.

Segment liabilities exclude interest bearing bank borrowings, other borrowings, tax payable, deferred tax liabilities and other unallocated head office and corporate liabilities as these liabilities are managed on a group basis.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

The following tables present revenue, profit/(loss) and certain asset, liability and expenditure information for the Group's operating segments for the years ended 31st December, 2025 and 2024:

The PRC land appreciation tax is levied on the sale or transfer of state-owned land use rights, buildings and their attached facilities in Mainland China at progressive rates ranging from 30% to 60% of the appreciation value, with an exemption provided for the sale of ordinary residential properties if their appreciation values do not exceed 20% of the sum of the total deductible items.
